Lunenburg County Mountain Bike Association

The Lunenburg County Mountain Bike Association has been building mountain bike trails at the MARC in Dayspring. Currently two trails are open for use, both rated Intermediate, with another one scheduled to be open for use spring of 2015. **Serpentine Trail** is accessed off of Home Run near Milkshake. **Granite Express Trail** is accessed off Cliff hanger, very near the Home Run/ Cliff hanger intersection at the top of the hill. Volunteers are always welcome and memberships are available now with all proceeds going direct to the association to help fund trail initiatives.
