FALL NEWSLETTER | SEPTEMBER 2021

You can shape the future of your community!

We're inviting you to participate in our Your Government, Your Ideas engagement campaign this October, and tell us what's important to you.

MODL has a master plan, which along with resident input, informs our strategic priority setting. As you can imagine, a number of priorities end up being fairly consistent year after year, while the actions we take to reach goals within those priorities may change.

Each year, we select a short list of projects to focus on. This is based on information we've received from residents, community groups, provincial and federal government, and staff. In late fall, Council meets to brainstorm on where our focus will be, keeping in mind the feedback and information we've received from these many sources.

After much discussion, Council approves the Municipality's strategic priorities for the next 18 months. Council then works with staff over the winter to pass a budget in the spring based on these priorities.

We want to hear from you! Visit engage.modl.ca/YGYI2021 to learn about each of our current strategic priorities, and add your comments or questions.

We're also holding meetings in October (gathering regulations permitting) at the Municipal Services building, where you can come listen to a presentation on our strategic priorities, and share your thoughts with Council. Visit engage.modl.ca/YGYI2021 for event details.

Wondering why certain priorities, like health care or highways, aren't on the list? Some issues fall under provincial responsibility, and municipalities have little or no control over these issues. We encourage you to also reach out to your provincial representative to talk to them about provincial issues important to you.

**Mayor's Corner**

Fall is in the air and on behalf of the Municipality, I hope everyone was able to enjoy the summer months with family and friends as the province opened up a bit more. I'm hopeful we can transition smoothly into Phase 5 soon.

This summer has been challenging for our staff, as we experienced the loss of Sherry Conrad, our Municipal Clerk. Sherry joined MODL in 1997 and was a beloved member of our team. Our condolences go to her family, friends, and colleagues. She will be deeply, deeply missed by everyone who knew her.

The LaHave Straight Pipe Replacement Program continues, and more than 260 straight pipes have been replaced so far. We are working hard to ensure that the lower LaHave River is straight pipe free by 2023. By working hand in hand with community groups, local advocates and homeowners, we are committed to enhancing the quality of life for our residents and improving the health of our environment.

After an acknowledgment that we are in Mi'kma'ki, the traditional territory of the Mi'kmaq people, Council raised the Progress Pride flag this summer, with the help of Judi Milne and Shelley McCorriston. We are proud to be an inclusive community and support the Pride movement. Bringing visibility to the Pride movement is one way to help to increase education and understanding among adults and youth in our community. It might seem like a small gesture but flying the Progress Pride flag is one more way we can contribute to building a more equitable community that is safe and welcoming for everyone.

Recent Councils have worked hard to build a track record of strong financial management, while continuing to meet the needs of residents. We are committed to using taxpayer dollars effectively and responsibly, and we continue to maintain our tax rate. We remain on track to be debt-free this October, and believe we will be only the second municipality in Nova Scotia to be debt-free.

I hope to hear from many residents throughout October during our Your Government, Your Ideas engagement campaign—learn more from the front page of this issue.

Finally, I'd like to wish a happy back-to-school to the youth of the Municipality and a safe and productive season to all.

Improving our Roads

Investing in municipal road infrastructure to create safe and efficient roads has been an important goal of Council.

Though the majority of public roads in the municipality are owned and maintained by the Province's Department of Public Works, we do have a small number of municipal roads.

Several municipal roads have already been approved for paving by Council in the Meadowbrook Subdivision located in Conquerall Mills.

The most recent example of this undertaking is the paving project on the municipally-owned portion of Harold Whynot Road and the entirety of Craig Chandler Drive. These two roads were upgraded from a gravel surface to an asphalt surface with the addition of road drainage work relating to regrading, ditches and replacement of driveway culverts.

The contract was awarded to Dexter Construction Ltd. as the successful bidder in the tendering process. The approved 2021/2022 Capital Budget for this project was \$900,000.

Dry Wells

Has your well run dry in the past few years? If so, we want to hear from you. Please contact Rachel Hiltz at rachel.hiltz@modl.ca or (902) 541-1324 to talk to her about your dry well experience.

MODL2040

After reviewing the responses of our spring MODL2040 survey and identifying key concerns of the community, Council drafted vision, mission and values statements that will go into the MODL's Planning Strategy for 2040.

While the opportunity to provide feedback on these items is closed, you can view the project, and learn about future opportunities for engagement, at engage.modl.ca/modl2040.

Tick Check Basics

Conseils relatifs aux tiques

Check your body and clothing for ticks after spending time outside.

Ticks like warm places on the body.

Vérifiez votre peau et vos vêtements après avoir passé du temps à l'extérieur.

Les tiques aiment les endroits bien au chaud.

- Don't forget to check your pets
- A bath or shower within two hours of being outdoors makes it easier to spot ticks

- N'oubliez pas de vérifier vos animaux de compagnie.
- Il est plus facile de voir les tiques si vous prenez un bain ou une douche dans un délai de deux heures après avoir passé du temps à l'extérieur.

For more information, including how to remove a tick safely, visit novascotia.ca/ticksafety

Pour obtenir plus d'information, y compris sur la façon d'enlever une tique de façon sécuritaire, consultez le novascotia.ca/ticksafety (en anglais seulement).

Economic Development

Farmers' Markets

The District of Lunenburg is abundant with farmers, bakers, artisans, and craft makers that produce goods that are sold at our local Farmers' Markets. Shopping at a Farmers' Market helps to keep money local, supports local jobs, promotes sustainability, and overall it's an enjoyable experience! Check out the list below for Farmers' Markets within the District of Lunenburg.

West Dublin Market
Saturdays 9:00am-12:00 noon
West Dublin Community Hall
10 Huey Lake Road, West Dublin
June – October 30

New Germany Farmers' Market
Fridays 2:00pm-6:00pm
5325 Highway #10, New Germany

Chicory Blue General Store/
Farmers' Market
Tuesdays 2:00pm-5:30pm
27 School Road, Blockhouse

Winter Market
Blockhouse Farmers' Market
65 School Road, Blockhouse
Open November- May

Many producers within the District of Lunenburg are vendors at the Lunenburg Farmers' Market, which takes place Thursdays at 19 Green Street, Lunenburg from 8:00am-12:00pm May-December and 8:30am-12:00pm January-April.

To further explore what MODL has to offer, visit exploremodl.com

Business Spotlight: Tern Boatworks Expands into MODL

Pictured above: Maintenance and restoration projects on the floor of Tern Boatworks' workshop in West LaHave.

Tern Boatworks, a custom boat building yard, has expanded their business to include a workshop in West LaHave. After operating primarily out of the Gold River Marina since 2004, the company has grown substantially and required more workshop space in order to accommodate multiple projects. Specializing in restoration, the repair of wooden and composite yachts, and new construction, this business operates with 9 full-time employees under the ownership of Bruce Thompson. It's great to see this thriving boat building business expand into the District of Lunenburg.

If you are interested in establishing or expanding your business within the District of Lunenburg contact:

Mark Strickland

Business Development Officer

Summer Recreation Recap

The Summer Recreation team has just completed another amazing season here at MODL! Our summer theme was 'MODL on the Move, Bringing Recreation to You', and we had so much fun offering a variety of programming in all 10 municipal districts. The COVID-19 pandemic placed many challenges on us again this summer, but it allowed us to grow, expand, and adapt our ideas and programs.

We had some new programs this year that were a huge success! We offered themed Special Event Day Camps as free weekly kid's programs at the MARC, as well as a Pen Pal program which promoted letter writing between seniors and youth within the Municipality.

We loaned out many backyard games through our equipment loan program which encouraged people to spend more time outdoors. We were also able to hold our Annual Sandcastle Competition in-person at Rissers Beach Provincial Park which was another great success, with fabulous weather and wonderful participants! An end of summer highlight was our drive-in movie for PRO Kids hosted in partnership with One Stop Entertainment, we had a great evening watching *The Croods 2: A New Age*.

We would like to thank all the schools and community halls that allowed us to use their facilities for our summer programming, and to all the parents and participants who took part in our programs. We had a blast at all our programs, and we hope you all did too.

The best
piece of exercise
equipment ever
invented is
you.

Learn how to get even more out of every move.

Active Living Profiles

Submitted by MODL Active Living Coordinator, Karen Geddes-Selig

Susan MacMillan

Susan MacMillan, a resident of Corkum Island for 15 years, wants vehicles to slow down in her neighbourhood so she and her community can walk safely.

Susan walks 5 kms daily and loves being outside enjoying the fresh air and nature all around. "During the early stages of Covid, walking kept my sanity," she says.

Her community echoes her concern for being able to walk safely on our rural roads, and they have many of the MODL Rural Walk Friendly signs up to assist with slowing vehicles.

Kathy Penney-Zwicker

Kathy Penney-Zwicker of Pine Grove uses active transportation to get to work at least two times per week on her e-bike. "Working through Covid and the added stress of working in the public and extra precautions, it was a great time for me to be alone with my thoughts and unwind and relax from the workday. I leave at 5:50am in the morning to ride to work on the road which is 17.4 km, as I start work just before 7 and need time to freshen up and change clothes before I start," says Kathy.

"I go home at 5:00pm by way of the rail trails which adds another 3kms to my ride. But I love it! I start out tired some days but feel so much better by the time I arrive. I have an app on my phone that my husband can sign in if need be to see exactly where I am. I have found a passion for biking, and I have my physical and mental health. I hope to do this well into November."

Free Rural Walk Friendly Signs!

Walking is a great activity for all! We want to support walking on rural roads in the District of Lunenburg by improving safety and motivating you and your family to move more every day. Walking is Canada's most beneficial physical activity for all ages. It can reduce stress, strengthen the heart and lungs, increase energy levels, and help you maintain a healthy and active lifestyle.

To support you, we are offering several items to assist you with walking/cycling on your rural road to keep you safe and comfortable. Please keep in mind that items offered are primarily for those who would not easily access or buy them without support or a nudge.

With a provincial grant we have the following items to support your rural walking, while supplies last: walk friendly lawn signs, reflective vests, pedometers and bike bells. Donations to Pro Kids appreciated! Please contact MODL's Active Living Coordinator, recreation@modl.ca or (902) 541-1343.

Ground-breaking Event

The Municipality held a ground-breaking event on Tuesday, September 7 to celebrate the construction of a Stonemont Retirement Lifestyle Community in Cookville.

The community includes a retirement residence featuring 150 all-inclusive and supportive apartments, as well as a 90-suite seniors apartment complex. Community amenities include a spacious dining room, bar/bistro lounge area, community rooms and theatre, golf and multimedia simulator, pool and fitness centre, beauty salon and spa, and more. The community is expected to open in the fall of 2023, and will create more than 40 full and part time employment opportunities.

Front, left to right: Jason White, Partner, Stonemont, Councillor Sandra Statton, Margaret Cook, Everett Cook, Mayor Carolyn Bolivar-Getson, CAO Tom MacEwan, Deputy Mayor Martin Bell. Rear: Iron Maple construction staff

Too old for day camp but too young for summer jobs? Become a Leader in Training!

Leadership skills are invaluable. For teens too young for summer job opportunities, MODL's Leaders in Training program is a summer alternative that will prepare them not just for the working world, but the world in general.

"The Leaders in Training program is a great summer activity for teens who are too old for day camp but too young to start working," says Victoria Burgoyne, MODL's Summer Recreation Manager.

The program pairs participants with leaders to help run MODL's summer day camps, recreation programs and activities. Participants ages 13 to 15 are eligible to apply and commit to volunteer once a week between two and five hours. Their shift could involve helping out at sports games, special events, and different summer camp programs.

"It may not always be possible, but we do try to pair Leaders in Training with a program they're interested in," says Victoria. Applying is easy—interested teens can request an application form by emailing recreation@modl.ca in the spring. Applicants must complete an interview process, followed by training.

"This year—because of the pandemic—the program had a late start, but usually we do training sessions in June, and at the end of the month, the Leaders in Training are given their schedules for July and August," explains Victoria, "That way, they have their schedules for the entire summer."

The program acts as a trial run for interviews and allows young teens to dip their toes into the working world. When they complete the program, participants receive a certificate and a reference from the Recreation department, giving them a head start when they apply for jobs.

It's an excellent stepping stone for teens considering a career in recreation, and some Leaders in Training end up becoming MODL Summer Program leaders once they're old enough to apply.

The benefits of the Leaders in Training program go beyond work experience, and helps boost participants' confidence, communication, and leadership skills. In addition, it offers some teens the chance to see possibilities for themselves they previously may not have imagined.

"For shy kids, participating in the program helps break them out of their shells, and they leave with boosted confidence and stronger communication skills," says Victoria.

Check the Spring Recreation guide in the new year if you have a teen that would like to join our Leaders in Training program.

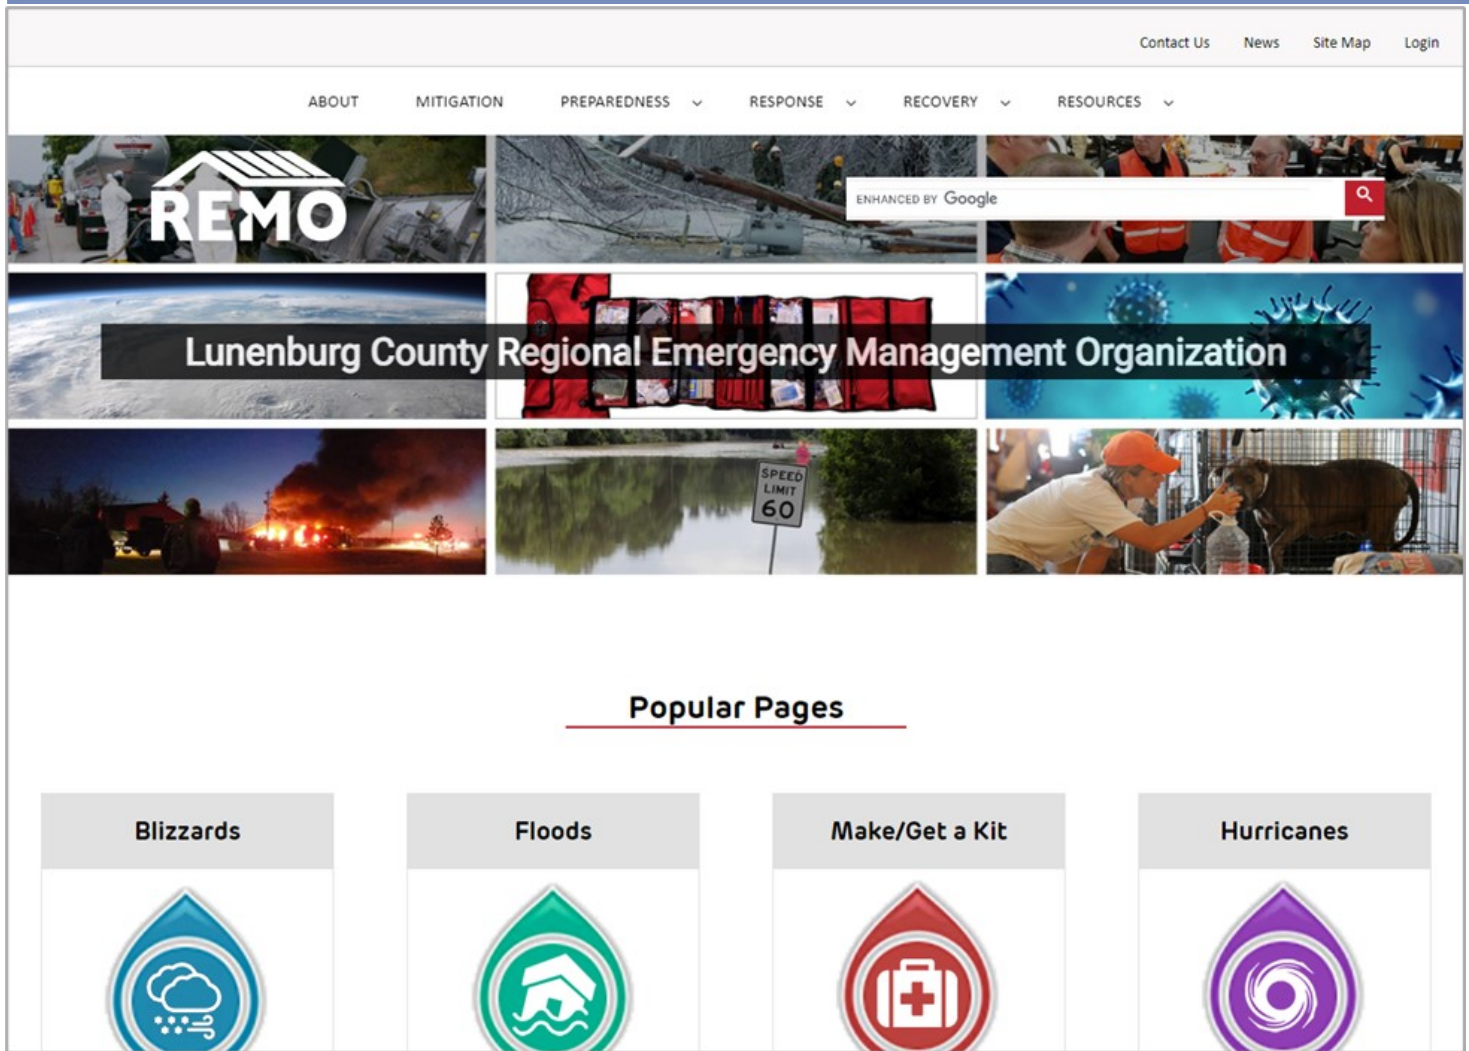

Community Events Listing – Fall 2021

Date	Event	Details	Contact
Mondays	Adult Day Program (VON)	9:00am – 3:30pm, 250 Green Street, Lunenburg. Meals provided. \$20/day.	634-7173

Delicate craftsmanship, luminous sound and a dramatic poise are all hallmarks of the virtuosity that fuses together violinists Jonathan Ong, Dorothy Ro, violist Abigail Rojansky and cellist Jonathan Dormand to create the Verona Quartet.	634-8667

Submit event info to Tissy Bolivar, tissy.bolivar@modl.ca, or call (902) 541-1335. Next deadline: November 12, 2021

New Emergency Website and Facebook Page

The Regional Emergency Management Organization (REMO) has a new website! It contains information about the risks we may face in Lunenburg County as well as how to prepare before, during, and after an emergency. The page has tips for protecting your pet, preparedness tips for seniors and those with special needs, a resource centre for articles and links, important terms in an emergency, comfort centre locations, key contact numbers and much, much more!

Visit LunenburgREMO.ca to view the website. In an emergency, the homepage will change to a red banner and all updates will be documented in one location. Find a variety of hazards and how to prepare for them before, during, and after.

You can find the closest Comfort Centre and Emergency Shelter nearest you. Comfort centres are staffed by volunteers therefore it may not be open every time, so it is a good idea to know the other locations nearby. More facilities will be added so visit often. In an emergency, when a Comfort Centre or Shelter is open, the page will be updated with the open and closing times as we receive the information. To find us on Facebook, visit us @LunenburgREMO and our Twitter handle has been updated to @LunenburgREMO. Note that the social media page is not monitored 24/7. If there is an emergency, call 9-1-1. If there is a need to contact REMO, please call (902) 543-8650.

MUNICIPALITY OF THE DISTRICT OF LUNENBURG FIRE SERVICE NEWS

News, stories, and inspiration for firefighters, alumni and future volunteers

2021

Are you interested in volunteering in your community as a member of the Fire Service? Or maybe you're already a volunteer and would like to hear more about what's happening in the Fire Service in the Municipality of the District of Lunenburg? Then be sure to read the 2021 Fire Service newsletter, included with this issue of Municipal Matters.

The newsletter aims to reach out to potential, current and past volunteer firefighters across the region to inform, educate and inspire. You'll read success stories and local profiles, and learn about diversity, family and friendship in the Fire Service. We hope that the newsletter will give you an inside look at the work and lives of our volunteer firefighters. It's our goal to foster a healthy and informed relationship between the public and the Fire Service and to encourage those eligible to volunteer whenever and however possible. Together, we will create a stronger and safer community for all.

Norma Frank, volunteer Medical First Responder

Fall Wood and Metal Collection Reminder

Fall wood and metal collection will take place on your regular collection day **September 20 – October 1, 2021**. Each household or business can put out a combined wood and metal volume of up to 4 cubic metres. Individual items may weigh up to 140 kgs (308 lbs) and measure up to 1.8 metres (6 feet).

Items collected include:

Questions? Call (902) 543-2991 or visit communityrecycling.ca

Curbside Giveaway

A curbside giveaway will be held in the Municipality of the District of Lunenburg, Bridgewater and Mahone Bay Saturday, October 2 to Sunday, October 3. Give away your unwanted, reusable items, keeping them out of landfill.

Items must be reusable and in working condition. Put a “FREE” sign on your items. Remove all items from the street by 5 pm on October 3.

Questions? Call (902) 543-2991.

Curbside Electronics Collection

Electronics will be collected on your regular collection day between October 4 - 15. Each household can put out three electronics for pick up on their regular collection day during that time. Electronics must be dropped off at a depot during the rest of the year. The Lunenburg Regional Community Recycling Centre accepts electronics free of charge.

Questions? Call (902) 543-2991. Visit recycleMYelectronics.ca/NS

Waste Collection Information

There are lots of ways to find out about waste collection. Visit **communityrecycling.ca** to find updates. Sign up for collection notifications using **R6Recycles waste app**. You can download the app on your mobile device. It's free and easy to use.

If collection is cancelled, check the website listed above, or call **1-855-530-3324** or **(902) 543-2991** or tune into **CKBW 98.1 fm**. Also check the **Lunenburg Regional Community Recycling Centre's Facebook page**.
